

CONGRESS HEARS THE REPORT READ CONCLUSIONS OF THE BOARD ARE SUBMITTED

Outside Agencies the Undoubted Cause of the Explosion—Officers and Crew of the Vessel Are Praised—No Direct Charge of Spanish Complicity Made.

Washington, March 28.—[Special].—The findings of the Maine board of inquiry were reported to both houses of congress today. It is made up of eight parts, as follows:

1. At the time of the explosion the battleship Maine was lying in five and one-half to six fathoms of water.
2. The discipline was excellent. everything was stowed according to orders, including ammunition, guns, and

CAPT. SAMPSON.

stores. The temperature of the magazines at 8 p. m. was normal, except in the after ten-inch magazine, and that did not explode.

3. The explosion occurred at 9:40 o'clock in the evening of February 15. There were two explosions, with a very short interval between them. The ship lifted on the first explosion.

4. The court can form no definite opinion of the condition of the wreck from the divers' evidence.

5. There are technical details of wreckage, from which the court deduces that a mine was exploded under the ship on the port side.

6. The explosion was due to no fault of those on board.

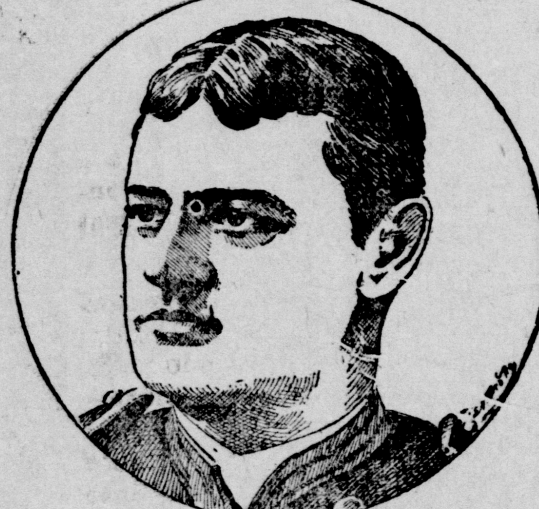

7. In the opinion of the court the explosion of the mine caused the explosion of two magazines.

8. The court is unable to find evidence to fix the responsibility.

The report is signed by all the members of the court. It does not refer to the existence or non-existence of mines in the harbor, except in the specific finding that a mine was exploded under the ship and the opinion that the explosion of the two magazines was caused by the explosion of a mine.

The report is brief, not exceeding 1,800 words, and goes in the greatest length under the second heading, which deals with the discipline and order of the ship. This the court specifies with extreme minuteness, every detail of the satisfactory condition of everything on board being given.

The normal temperature of the large forward magazines at 8 o'clock, only

CAPT. EVANS.
(Fighting Bob.)

an hour and forty minutes before the explosion, disposes of the question of accidental combustion within these magazines. While the court holds that these magazines did not explode from internal causes, they nevertheless are of the opinion that the explosion of the mine under the port side of the ship caused the explosion of the two magazines.

This explains the remarkable destruction wrought. The explosion is thus shown to have combined the force of a mine without and two magazines within. The two explosions which the court finds to have occurred, with a very short interval between them, is an additional detail showing that two forces operated in causing the destruction.

The feature of the report of deepest interest to the navy is the complete exoneration of Capt. Sigbee and all on board contained in the second finding, setting forth the perfect order and discipline prevailing on the ship, and more directly stated in the sixth finding, which declares the disaster to be due to no fault of those on board.

The inability of the court to find evidence to fix responsibility, as stated in the eighth part, makes the report so guarded in expression of blame that neither Spain nor the Spanish are mentioned throughout.

Accompanying the report was a message from the president in which he says he does not doubt the queen of Spain, with that sense of justice characteristic of the Spanish nation, will dictate a course of action suggested by

honor and the friendly relations of the two governments.

The president spoke of the peaceful motive which prompted the sending of the Maine to Havana, and Spain heartily approved the course. Coming up to the calamity he said: "For a brief time intense excitement prevailed, within a community less just and self controlling than ours it might have led to acts of blind resentment. Tols spirit, however, gave way to the calmer processes of reason and a resolve to investigate the facts and await material proof before forming judgment as to the cause, and if facts warranted, the remedy due." Continuing he gives the finding of the board briefly, dwelling particularly upon the fact that everything was in good order in the coal bunkers; that there never had been a case of spontaneous combustion of coal on board the Maine; that everything was quiet at the time the vessel was destroyed, reducing the liability to accident caused by movements on board. The evidence showed conclusively that all the magazines except the two forward ones, which were exploded by the mine, were intact after the explosion. The testimony of the divers also proved conclusively that the plate was blown upward. The message concludes with the official finding of the board.

At the conclusion of its reading in the house that body immediately adjourned until Tuesday. In the senate a resolution was adopted that the message, report and testimony be printed. Senator Money then made a speech similar to those made by Proctor, Gallinger, and Thurston, with whom he visited Cuba as secretary.

The message and report was referred to the committee on foreign relations in both branches.

The Report in Madrid

Madrid, March 28.—[Special].—The report of the United States Naval board of inquiry has been received. United States Minister Woodford declares he will not refuse to prompt an agreement with Spain whereby justice will be secured for Cuba. American interests protected, and peace maintained.

PERHAPS HURT HIS FEELINGS

A Weary Walker Who was Particular as to His Diet

A man fairly well developed came to a Third ward back door Saturday at half past twelve and asked if he could have something to eat. He was told he could have some cold roast beef and bread and butter.

"Can't you give me something warm?" he said.

"Not today," said the mistress of the house.

"Thank you, I don't care for anything cold," he responded with great dignity and withdrew.

The woman has been worried ever since for fear she hurt his feelings.

CONSIDERABLE complaint is made because of bicycle riding on the sidewalks. The ordinance has not been enforced very strictly this year as yet, the officers waiting until the streets dried up enough to furnish decent bicycle paths.

ALL THE NEWS OF THE BADGER STATE

SALE OF LARGE QUANTITY OF LOGS ON THE CHIPPEWA.

Disastrous Fire Involving a Loss of \$33,000 at Green Bay—Patents Issued to Wisconsin Inventors—Happenings of Various Sorts Throughout the Commonwealth.

Chippewa Falls, Wis., March 28.—It is reported that he logs cut by the Weyerhaeuser syndicate near Washburn have been sold to Blittinghaus & Embree, of Chicago. This is the only lot of logs that has been on the market this season. A year ago Mr. Weyerhaeuser had a lot of logs cut near Washburn but they had them manufactured into lumber during the summer.

The logs amount to about 8,000,000 feet and while the sale price has not been given out it is said to be \$1 a thousand better than the price of a year ago. It is not known as yet where these logs will be sawed. The mills are all getting in shape for an early season and each of the mills around the bay has contracts made so that they can start the season in full force.

FIRE AT GREEN BAY.

The Fair Destroyed Saturday Night, Causing the Loss of \$33,000.

Green Bay, Wis., March 28.—Fire in the fair store of R. M. Oppenheim, Saturday night, supposed to have been caused by a live wire in the third story, greatly damaged the building. The fire had gained considerable headway before the department arrived. The block is owned by John Parmentir and is one of the finest in the city.

The fire is supposed by some to be of incendiary origin. The building was damaged to the extent of \$3,000. A stock of goods valued at \$75,000 was carried. The loss will amount to about \$30,000, mostly by water and smoke.

Wisconsin Patents

The following list of patents granted to Wisconsin inventors last week is reported expressly for this paper by Underwood, patent attorney, 107 Wisconsin street, Milwaukee, Wis.: H. W. Rolens, Port Washington, chair; J. L. Duitman, Alto, latob; C. Dumpke, Waterloo, skate; W. L. Smith, La Crosse, end gate for wagons; S. Speed, Barron, thill coupling.

State News in Brief

The forthcoming geological atlas will show the dallas of the St. Croix river and the Interstate park, work upon which has been carried out under the direction of Park Commissioner George Hazard, who has sent to Washington a large number of photographic views of the park and the dallas.

Rev. F. L. Hart, pastor of the West Avenue M. E. church, La Crosse, has resigned and will be actively engaged in the new church insurance company, sanctioned by the last general conference. Mr. Hart originated the Wisconsin Mutual Insurance company, which so far has been successful.

The work of laying the water main for the Kaukauna Waterworks company across the government canal is finished and Capt. L. M. Mann, of the United States Engineer department of Oshkosh, who has the superintendency of the work approved of the job.

At an entertainment given by the Fort Atkinson Woman's Relief Corps, March 24, nearly \$100 was cleared for the soldiers' monument fund. The money will be applied to paying for the pedestal, the corps having undertaken to secure that part of the monument.

The Catholic Order of Foresters has arranged for a special train over the Northwestern road for the accommodation of all Foresters who wish to attend the laying of the corner stone of St. Mary's church at Kaukauna on April 24.

M. H. McMahon, of Green Bay, dropped dead in the St. Charles hotel, at Manitowish, Saturday from heart disease. Mr. McMahon was until recently superintendent of schools at Green Bay.

C. S. Pierce, general land agent of the Chicago and Northwestern road, denies the report from Green Bay that the company's land office is to be moved from Milwaukee to Green Bay.

T. A. Gifford and wife, who barely escaped death by suffocation by coal gas at Edgerton early in the week, have nearly recovered, though the old people are nearly 80 years of age.

Miss Elizabeth B. Oakes takes the office of city missionary of the W. O. C. U., at Milwaukee, April 1, succeeding Miss Jessie Haggerty, who is to enter the Moody school in Chicago.

W. O. Williams, a well known attorney of Milwaukee, died very suddenly yesterday morning at 10:15 o'clock, at his residence, 131 Fourteenth street, as the result of an apoplectic stroke.

The chime of bells in St. Joseph's church at Appleton was dedicated Sunday afternoon by the Rev. J. J. Fox, of Green Bay.

The Chippewa county board, at a special session, fixed the salary of the sheriff at \$2,000.

PREPARING TO SETTLE MATTERS

SPAIN LOOKING FOR A CHANCE TO BACK DOWN.

Proposed Armistice in Cuba During Which Terms For a Cessation of War May Be Agreed Upon—Our Government to Feed the Starving Natives in the Meantime.

Washington, March 28.—[Special].—The receipt of Minister Woodford's message this morning placed a different aspect on the war situation, and it is believed Spain is preparing to humble itself at the very threshold of war. Despite this fact, however, preparations at the war and navy department are unabated.

It is semi-officially declared that an armistice will be declared in Cuba until October, during which time the United States will feed the starving Cubans with Spain's assistance. In the meantime negotiations for the practical independence of the island will be continued. Spain will consent to this program. The Maine affair will be considered a separate incident, either for settlement by arbitration or some other peaceful means.

The president has received assurance that this plan is acceptable to the majority in congress.

THE LATEST SOLUTION

Suggestions for a Settlement of the Cuban War Under Consideration

Washington, March 28.—The following scheme for bringing about peace in Cuba has been promulgated by the Spanish government, and was considered at a cabinet meeting here today:

1. Spain consents that the United States may send relief to the starving people of Cuba and will gladly cooperate in the work of distributing supplies.

2. The concentrados will be allowed to return to their homes and resume the cultivation of their farms.

3. Spain will grant autonomy to Cuba; she will give that island practically the same government which Canada enjoys under Great Britain. The autonomy plan is to be put into operation by April 30. Cuba is to pay Spain \$5,000,000 per year for twenty years and Spanish sovereignty is to continue forever.

4. Upon the acceptance of these propositions by the Washington government, Spain will order a cessation of hostilities in Cuba, and if the insurgents refuse to accept the very liberal terms offered the United States will assist Spain in coercing them into submission. In the event congress will not vote supplies to our soldiers employed in Cuba for the purpose of exterminating the insurgents, President McKinley pledges that he will wash his hands of the whole Cuban business and leave the insurgents to their fate.

SPAIN INTENDS TO FIGHT

Orders Given Havana Officials to Prepare for War.

Havana, March 28.—Spain's representatives in Cuba were told from Madrid on Thursday night to prepare for war. It was more than a war warning. It was definite instructions from the Sagasta cabinet. The news was known to few officials outside of Captain General Blango, and representatives of London financial interests had an intimation of it.

Beyond this statement the Spanish authorities have less knowledge than might be supposed of the purposes of the home government. They know that European intervention is to be sought and that the finding of their own board of inquiry is to be the basis of a counter case, presenting the claim of accident as against the American contention that the Maine was blown up by design. They also know that their report is regarded in Madrid as incomplete and inconclusive but a sufficient basis for seeking delay and forcing the position that the subject is one for international arbitration.

CONGRESS GROWING RESTIVE.

There May Be Revolt Against Longer Delay by the President.

Washington, March 28.—There is much dissatisfaction in congress because the president has asked for a short delay in the hope that war may be averted, and there is always the danger that some senator will offer a resolution and demand its immediate consideration. This can be done in the senate, where the rules permit so much freedom of action, and if a question of issuing an ultimatum to Spain or even of declaring war were brought up there are plenty of senators who would like to go on record against it.

In the house the rules as administered by the speaker may be depended upon to suppress disturbances till the time for harmonious and decisive action comes.

WILL CONSIDER IT PIRACY.

Spain Will So Consider Interference with Her Torpedo Flotilla.

Madrid, March 28.—[Special].—The statement is reiterated that Spain will consider it an act of piracy if the United States prevents the Spanish torpedo flotilla from reaching Porto Rico.

Spain Will Consent

Washington, March 28.—[Special].—Minister Woodford cabled positive

assurance this morning that Spain would accept the proposition of the United States to bring about an agreement between the home government and insurgents, and would not interpose obstruction to the American relief of starving Cubans.

A Significant Conference

Madrid, March 28.—[Special].—The French ambassador to Spain and the Spanish minister of foreign affairs had a long conference today. Much importance is attached to the meeting.

The Texas Badly Disabled

New York, March 28.—[Special].—It is rumored that the injuries to the battleship Texas are more serious than at first reported. It is said a large hole was stove in her bow, and that the shock of the collision disarranged the turret mechanism.

DEATH OF MISS GREMS

An Old Resident of Rock County Goes to Her Final Rest

After an illness of five days' duration Miss Dinah Grem, of this city died yesterday morning at 10 o'clock at her home, 11 Milton avenue. The cause of her demise was a complication of diseases. Born at Western Oneida county, New York, March 21, 1829, Miss Grem came to Wisconsin in 1851, making her home with her sister, Mrs. H. B. Johnson, at Johnstown Center, where she has resided till recently when she moved to the city with Mr. and Mrs. Johnson. The deceased was a woman loved and esteemed by a large circle of friends who will each regret her demise. Services will be held from the home in this city at 12:30 o'clock tomorrow the interment to be in the cemetery at Johnstown Center.

BOOMING OREGON'S CAPITAL

Portland's Interests Being Looked After by Traveling Agents.

C. E. Bennett, of Chicago, is in the city in the interest of the city of Portland, Oregon. The object of his visit here is to interest those who contemplate a visit to the far west, or to the gold fields of Alaska, to stop in Portland and make that city their headquarters in place of Seattle.

Mr. Bennett is sent out by the citizens of Portland, who will be benefited by the arrival of each and every citizen to their city. He reports plenty of business in Portland, and says the city is now enjoying the greatest boom in her history.

STREET CARS RUNNING AGAIN

They Made Regular Trips Over the Line on Sunday

Owing to the inclement weather the street cars did not enjoy the profitable day's business that they had looked for. Threatening rain at different intervals prevented people from venturing out after the dinner hour, and but few made their regular Sunday visits to the cemeteries.

Cars not provided with new motors will soon have them put in, and just as soon as possible Superintendent Cummins promises to have the line in first-class condition.

HAS DONE GREAT GOOD

Rev. Mr. Kempton's Meetings at Rockford Are Successful.

Rev. A. C. Kempton's work in Rockford during the past week has resulted in much good. The Register-Gazette says: "The special meetings which have been in progress at the State Street Baptist church the past week have grown in a tendency and evidences of interest among the people, the meeting Friday night being the largest of the week. The discourses of Rev. Mr. Kempton, who conducted them, have been entirely free from display or emotional appeal, but he is very clear in presenting his theme and is closely followed by his hearers. A continuation of the meetings had been clearly indicated as to the advantage of the church, but Mr. Kempton was unable to give a further week. The attendance has included not only members of the State Street church, but others from the First Baptist church, from Centennial Methodist and other neighboring bodies and some who are not usually seen at these meetings."

TALKS ON GOOD GOVERNMENT

Janesville Attorney Makes an Address in Milwaukee.

Alexander E. Matheson, of the firm of Whitehead & Matheson, is home from Milwaukee, where he delivered, Friday evening, a ringing speech in behalf of good citizenship. His address was given at Y. M. C. A. hall on Fourth street, before a mass meeting called by the good citizenship committee of the Milwaukee Christian Endeavor union. Eugene S. Elliott was one of the speakers of the evening, as was also O. E. Monroe, one of the municipal league. Both of these gentlemen reside in Milwaukee.

Chillians Are Belligerent.

Valparaiso, March 28.—Reports from Argentina that that government will propose a new protocol with Chili have aroused decided opposition of the press and people. They insist that Chili has a sad experience with Argentina because of the way that government "respects" them, and Chili should not think of a new one, but insist on the existing treaties being strictly fulfilled at all costs.

B. F. DUNWIDDIE led the Y. M. C. A. meeting yesterday. He took for his subject, "How to Become a Christian."

COSTLY VESTIBULE NEARLY WRECKED

CLYBOURNE SWITCHES CAUSED THE TROUBLE.

Handsome Train Pulled Into Janesville Four Hours Late—Mail Car Thrown From Track and Upset—Several Passengers From This City Were Aboard.

Janesville passengers on the Chicago & Northwestern road who boarded the vestibule at Chicago last evening arrived home at 1:30 o'clock this morning instead of 9:30 last evening as they had anticipated. At Clybourne Junction they had the pleasure of waiting three hours, and all on account of an accident that might have been much worse.

A Misplaced Switch

The handsome train pulled out of Chicago at the usual time, 6:30 o'clock. All went well during the first four miles from the depot but no sooner had the ponderous engine passed the first switch in the Clybourne Junction yards, than the engineer noticed that his iron horse suddenly shot ahead.

An immediate investigation showed that the iron coupling pin had been broken, severing the engine from the train proper. The mail car, immediately behind the engine, took a side-track and crashed into a flat car that stood ahead, derailing the mail car and turning it over on its side. The baggage car behind went off on another track, but besides being derailed no further damage resulted. The buffet car, eleventh and day coaches behind suffered no damage.

Felt the Shock

When the accident occurred the passengers were fully aware of the fact, for the shock was plainly felt. The overturned mail car lay directly across the tracks, and all traffic was blocked. The mail clerks within escaped injury in spite of the fact that one end of the car was crushed in as the result of the collision. Word was at once telegraphed to Chicago, and soon the wrecking crew were on the scene clearing up the debris. It required three hours' time to clear up the tracks. The mail was removed from the wrecked mail car to the baggage car, and the train then pulled out for this city, arriving here four hours late.

The train was filled with passengers from one end to the other, and not an empty seat was to be found. That the accident was not one that involved great loss of life is owing to the fact that the train at the time was running at about the rate of ten miles an hour, the scene of the accident being within the city limits of Chicago.

Railroad men say that the accident was the result of the switch being out of order, but many who immediately alighted from the train say it was a perfect order.

Among the Janesville passengers on board were Mr. and Mrs. Henry Tall, W. G. Wheeler and E. D. McGowan.

PREACHED AT THE CAPITAL

Rev. E. H. Pence Pleaded a Large Congregation at Madison.

Rev. E. H. Pence, of the Presbyterian church, preached in Madison yesterday morning to a large congregation. He took for his subject "Christianity and War, Are They Consistent?" The Madison Democrat says:

"Mr. Pence is a brilliant speaker and comes of a distinguished family. Lafa Pence, the noted Colorado congressman, is a brother. Another has just won a decision in the federal supreme court for eight hours' labor in Utah. Mr. Pence has gone into history in the preparation of his sermon and the timeliness of his subject attracts many who hear him."

COLT BRINGS A GOOD PRICE

Mr. Caldwell Realizes Handsomely on a Thoroughbred Youngster

P. K. Caldwell, of this city, has disposed of his thoroughbred trotting colt to J. R. Lamb. Although but six months old it brought the handsome price of \$100 and Mr. Lamb says that he will again pay this sum for his equal. The colt was a well bred one being sired by Suzzara with a record of 2:29, dam, Topsy by Sul Lovengood, record 2:32. Mr. Caldwell says it pays to buy blooded horses.

A STRONG TICKET PUT IN THE FIELD

REPUBLICAN CANDIDATES ARE MEN OF WORTH.

All Are Well Known Citizens and Their Election Will Be a Step Toward Better Government—Important Matters to Come Up With Which Business Men Should Deal.

The republican and democratic tickets are now both complete, and the campaign is on. The republicans of the city will point with pride to the list of men they have chosen to represent them. They are all well known citizens in whom the people have the fullest confidence. The party is solidly united this spring, and the candidates nominated are the choice of the people, as was shown by the absence of friction at the caucuses and city convention.

The voters of the city are alive to the fact that business of great importance must come up within the next two years, and that level headed business men should be in power. Sketches of the candidates follow:

James A. Fathers.

James A. Fathers, the republican nominee for city treasurer, is too well known to need any introduction. He has lived here many years and has always been one of Janesville's best citizens. He has filled the office of city treasurer with satisfaction to all, and his election is assured by an increased majority.

Henry S. Sloan.

Henry S. Sloan, the candidate for city attorney, is one of Janesville's best known lawyers. He is a son of Hon. I. C. Sloan, and received his legal education at the University of Wisconsin. He has been engaged in the practice of his profession for several years and has been unusually successful. He has handled a number of important cases in a skillful manner, and is an experienced attorney—just the man the city needs.

Geo. H. Palmer.

George H. Palmer, the candidate for street commissioner, has held that office during the past year, and has been a painstaking and faithful official. He has given his office the attention that it requires and should be re-elected. The street commissioner should not be blamed for the faulty system of doing street work; he is in no way responsible therefor, as he works under the direction of the aldermen.

William S. Jeffris.

William S. Jeffris, the candidate for school commissioner at large, is the president of the Merchants & Mechanics Bank. He would make an ideal school commissioner, and should be elected by a large majority. The school board expends a large amount of money each year, and business men should be chosen as members. Mr. Olemons and Mr. Jeffris are just the men needed, and they should have the support of all good citizens.

Marshall P. Richardson.

Marshall P. Richardson, the candidate for justice of the peace, has filled that office for some years past. He is a lawyer of fine attainments and tries his cases learnedly and impartially. His judgments are invariably sustained by the higher courts, and his reelection—which is certain—will be but a reward of merit.

THE ALDERMANIC TICKETS

Frank E. Fifield.

Frank E. Fifield has served the city as alderman from the First ward for the past year, and has been an excellent official. The city needs his good business sense, and he will be retained.

William Burchell.

William Burchell, the nominee for alderman in the Second ward, is a well known and highly respected citizen. He is engaged in the flour and feed business, and is a man of judgment and ability. He possesses the qualities that an alderman should have, and deserves a very large majority.

Edwin F. Carpenter.

Edwin F. Carpenter, the nominee for alderman in the Third ward is one of the best known men in the city. He is a heavy tax payer and a good citizen. He has the courage of his convictions, and is a man of known ability and business qualifications. He will be wisely progressive and wisely economical. He is just the man for the place—honest, fearless, and fair-minded—and his triumphant election is certain.

W. G. Palmer.

W. G. Palmer, the aldermanic candidate from the Fourth ward, is a well known business man, for whom all people have the highest praise. Believers in the theory that business men of standing and ability should be in charge of the city's affairs will vote for him regardless of politics. A vote for Mr. Palmer is a vote for a step forward in municipal government, and he should be elected.

W. H. Jones.

W. H. Jones, the candidate for alderman in the Fifth ward, has held the office for two years, and has demonstrated his worth. He has served faithfully and well and has held important chairmanships of committees. He is superintendent of the Woolen mills, and a man of business, and will be re-elected.

NOMINEES FOR SUPERVISORS.

W. W. Porter.

W. W. Porter, the nominee for supervisor from the First ward, is one of the best known residents of that ward.

He is a sterling business man, and will make an ideal supervisor. Mr. Porter stands for all that is good, and his election is assured.

C. D. Child.

C. D. Child, the Second ward's candidate for supervisor, has filled that office very acceptably. Mr. Child has frequently served the city in a political capacity, and has never been found wanting. His election is certain.

J. L. Bear.

J. L. Bear is the candidate in the Third ward, to succeed himself. Mr. Bear has been an influential member of the board for many years, and will be again chosen by an increased vote.

W. H. H. Macleod.

W. H. H. Macleod, the candidate for the Fourth ward, is a progressive and energetic business man, who will make his influence felt in that body. He has all the qualifications for the place, and will make a most excellent supervisor. The people of the Fourth ward realize that Mr. Macleod is a good man for any place they may select, and his ability will be recognized by voters of all parties.

W. G. Brandt.

W. G. Brandt, the candidate in the Fifth ward, is a life long resident of Janesville, and a man against whom nothing can be said. His honesty and ability are universally recognized, and he will be strongly supported on the grounds of personal as well as political worth.

THE SCHOOL BOARD TICKET

Fred L. Clemons.

Fred L. Clemons, the nominee for school commissioner in the Second ward is one of the most efficient members that ever served the city on the school board. His associates have honored him with the presidency of the board and his defeat would be a serious loss to the city. His majorities have always been large, but will be larger than usual this year, as men of Mr. Clemons' ability should be encouraged to take an interest in city affairs.

A. G. Anderson.

A. G. Anderson, the nominee for school commissioner in the Fourth ward, has served the city in that capacity, and made a most capable official. He should be returned to that body as his services will be of value, and his success would but be the recognition due ability and worth.

The Constabulary

The republican nominees for constabulary are all well known and experienced. H. B. Kenniston, of the First ward, A. K. Cutts, of the Second ward, and Wallace Cochran, of the Third ward, have filled these positions with credit, and are entitled to a reelection in recognition of services rendered. O. N. Riker, of the Fourth ward, is a well known citizen and a man of ability, while Edward Smith, of the Fifth ward, has had years of experience.

THE PROBLEM SOLVED

THE NEW MEDICAL DISCOVERY
TESTED
Results of the Test in Various Forms of
Dyspepsia

Chronic indigestion or dyspepsia, while a common trouble, has for some time been looked upon by able physicians as a serious thing, and that no time should be lost in treating it properly at the start; because recent researches have shown that the most serious, fatal and incurable diseases have their origin in simple dyspepsia or indigestion.

Diabetes is simply one form of indigestion, the sugar and starchy food not being assimilated by the digestive organs. In Bright's disease the albumen is not properly assimilated.

While consumption and dyspepsia are twin diseases, and it is beyond question that dyspepsia makes a fertile soil for the seeds of consumption. But the trouble has been to find a remedy that could be depended upon to cure dyspepsia, as it is notoriously obstinate and difficult to cure.

This has been the question which has puzzled physicians and dyspeptics alike, until the question was solved three years ago by the appearance of a new dyspepsia cure in the medical world known as Stuart's Dyspepsia Tablets, which it was claimed was a certain, reliable cure for every form of stomach trouble.

Physicians, however, would not accept such statements without first giving the new remedy many tests and carefully observing results.

For three years the remedy has been thoroughly tested in every section of the country and with surprising and satisfactory results.

Stuart's Dyspepsia Tablets can be honestly claimed to be a specific, a radical, lasting cure for dyspepsia or sour stomach, gas or wind on stomach, too much bile, undue fullness or pressure after eating, and similar symptoms resulting from disordered digestion. Stuart's Dyspepsia Tablets were not placed before the public until three years' trial left no doubt as to their value, and they have recently been placed in the trade and can be found on sale at all druggists at the nominal price of 50 cents per package.

No extravagant claims are made for the remedy. It will not cure rheumatism, pneumonia, typhoid fever nor anything but what it is claimed to cure, and that is every form of stomach trouble.

No dieting is necessary, good wholesome food and plenty of it and you may rest assured that Stuart's Dyspepsia Tablets will digest it.

Druggists claim for it that it is a pleasure to recommend it to dyspeptics, because it gives such universal satisfaction.

That is the significance of the griffin. But the griffin is a veritable "sleeper" in comparison with the successful business man of today. Nothing escapes us. Every detail which could possibly enable us to sell better goods at lower prices has our attention. It's foolish economy to buy goods just because they are cheap.

Dress Goods Department

You can sit down and laugh when you read of any other Southern Wisconsin merchant claiming to show the largest or leading line of Dress goods. There is but one largest and most complete stock hereabouts, and the people know where to find it. Every dress goods want can be supplied by this store. Our shelves and counters are laden with new spring stuffs. Remember when buying that it is not how LOW you can buy a thing that makes it a bargain, as trash is dear at any price.

Look at the Quality...

If you want to pay 10, 15 or 20 cents, we have good values that will suit you; goods that have genuine merit in them.

At 25 and 30 cents, a large range of styles in plain and fancies.

At 35 cents, a new line of Jamestown goods in pretty colored novelties that wear well.

At 45 and 50 cents, figures, stripes, in neat changeable effects; extra good weights.

At 60 cents, fancy ribs, lovely figured iridescent, illuminated diagonals; entirely new.

At 69 and 75 cents, silk and wool novelties. Beautiful granites in wool, fancy styles.

NEWS FROM THE MORNING PAPERS

WON'T PAY INDEMNITY.

Spain Will Refuse to Consider a Claim for Damages.

Madrid, March 28.—Spain has decided that she will not accept a cash consideration to relinquish her claims on Cuba, nor will she permit the president of the United States to carry out his plan of so-called friendly intervention. This decision has been communicated to the representative of the United States.

Minister Woodford was also informed that Spain would not consider any claim for indemnity for the destruction of the battleship Maine in Havana harbor. Any demand for damages would be regarded as derogatory to Spanish honor and dignity.

This practically closes the correspondence between the two governments. Nothing remains but for the United States to decide whether she will take a step which will be resented by Spain.

The whole country backs the Sagasta government in its firm stand. The ministry remains calm on the surface and awaits the result. There are no political divisions in the country. All are unanimous in their opposition to American interference in the affairs of Spain in Cuba. Assertions that the Carlists will seize the opportunity to attack the government are unfounded. The supporters of the pretender are as loyal as any other Spaniards in this emergency.

Cabinet Meeting Held Sunday.

Washington, March 28.—Important news from Madrid, reported to be of a nature not encouraging to the peaceful solution of the Cuban question, caused President McKinley to call a special meeting of the cabinet Sunday. One of those present said it was believed that within a few hours Spain would make a proposal to the United States which the government at Madrid hoped would solve the problem without war. At the same time it was intimated that Spain persisted in her determination not to grant freedom to Cuba. If this latter should prove true it is believed in Washington that the crisis cannot much longer be postponed. Dispatches from Madrid indicate that the Sagasta ministry is yielding to the jingoes in Spain, hence the ominous nature of its reported determinations.

Havana Harbor Is Protected.

Madrid, March 28.—A dispatch to the Imperial from Havana says that great indignation has been caused there by the cabled summaries of the reports of the American commission that inquired into the loss of the Maine. Everybody in Havana, the dispatch adds, is convinced that the explosion which wrecked the Maine was internal. The correspondent further says that at a meeting of the defense committee on Saturday it was stated that the harbor defenses were in readiness for any contingency, great additions having been made to the submarine mines and other defenses.

Russia May Interfere.

Madrid, March 28.—Mr. Gullon, the minister of foreign affairs, still speaks hopefully, but in very reserved terms, regarding the recent exchange of views with European governments. Diplomacy is most active, all the ambassadors are receiving long communications from their respective governments. Rumor persistently points to Russia as the most likely mediator. Mr. Sagasta, the premier, is said to be busy with a diplomatic document, either a note to the American government or a circular note to the powers.

Chadwick for Havana.

Key West, Fla., March 28.—It is learned that Captain Chadwick of the New York sailed Saturday night on the Bache for Havana. His mission there, it is said, is to confer with Lieutenant Commander Wainwright and to decide whether further wrecking work on the Maine will be of any use.

Eight bodies from the Maine were quietly laid to rest in the city cemetery Sunday with the same simple ceremonies that have attended the interment of other bodies buried here.

War Can Hardly Be Avoided.

Berlin, March 28.—The Madrid correspondent of the Frankfort Zeitung says: "Senor Gullon, the minister of foreign affairs, has informed me that an extremely threatening note has arrived from Washington regarding the cessation of war in Cuba. He added: 'No matter how one regards the affair a rupture can now hardly be avoided.'"

Ordered to "Prepare for War."

Havana, March 28 (via Key West).—Last night it was persistently stated on alleged good authority that the palace officials here had received a cipher dispatch from Madrid which in effect said, "Prepare for war."

American Cruisers Coming.

London, March 28.—The United States cruiser San Francisco and the cruiser New Orleans, which, under the name of Amazonas, was purchased by the American government from Brazil, sailed from Gravesend for New York Sunday.

Two Forts at Charleston.

Charleston, S. C., March 28.—Sullivan's Island is the scene of war-like preparations such as were not even witnessed in the days following the secession of South Carolina from the union. There are now erected on Sullivan's Island two forts, which compare favorably with any in the country. There are only about 175 officers and men stationed on the island, but this number will be increased with the arrival of the batteries which have been ordered here.

Warns Lee to Be on His Guard.

New York, March 28.—A Washington special to the New York Journal says the state department has sent cablegrams to Gen. Lee saying it is the president's intention to send all facts regarding Cuba to congress and asking him what measures he can take for the safety of himself and other Americans in case congress should do something vigorous.

Austria Friendly to Spain.

Berlin, March 28.—The Rome correspondent of the Berliner Tageblatt telegraphs: "The Marquis Visconti Venosta, the Italian foreign minister, says the Cuban situation has grown worse, but that outside of Austria, which morally supports Spain for dynastic reasons, no European power is inclined to show practical sympathy for Spain."

Ready to Give a Day's Wages.

Madrid, March 28.—The latest intelligence from the United States has occasioned a great patriotic movement throughout Spain. A large number of persons have announced their intention to give up a day's pay for services in order to raise a fund to purchase a war ship.

Iowa Sails for Havana.

Key West, Fla., March 28.—The Iowa left here about 5 o'clock Sunday morning, and is believed to have sailed for Havana. Reports have been received here which indicate that affairs in Havana have assumed a serious phase.

Will Not Sell to Us.

Rome, March 28.—The Fanfulla says the Italian government has declined to sell to the United States the war ship Danta Buena, for which 30,000,000 lire was offered, being 5,000,000 over her cost price.

Spain Would Call It Piracy.

Madrid, March 28.—The statement is reiterated that Spain will consider it an act of piracy if the United States prevents the Spanish torpedo flotilla now at sea from reaching Porto Rico.

Patenotre Talks to Gullon.

Madrid, March 28.—M. Patenotre, the French ambassador, had a conference with Senor Gullon, the foreign minister, Sunday, to which considerable importance is attached.

New War Vessel for Spain.

Berlin, March 28.—The Vienna correspondent of the Frankfort Zeitung says the Austro-Hungarian government is negotiating for the sale of a war vessel to Spain.

Sagasta Retains His Power.

Madrid, March 28.—The parliamentary elections that were held Sunday have gone by a large majority in favor of the liberals, the party now in power.

Strengthen Spanish Forts.

Manila, Philippine Islands, March 28.—The defenses and forts have been strengthened with a view of guarding against a possible sudden sea attack.

Southall May Have Had Help.

St. Paul, Minn., March 28.—The conviction is growing that J. H. Southall, the operator in bogus time checks of the government, had accomplices among officials of the war department, probably at Washington, but their names have not been divulged. United States District Attorney Stringer of Minnesota is now in Washington investigating and he will be joined there by A. C. Anderson, cashier of the St. Paul National bank.

To Purchase the Railroad.

Lansing, Mich., March 28.—In view of the crusade against the Michigan Central railroad by Governor Pingree and members of the legislature, who assert that it is making enormous earnings for its stockholders and is escaping taxation, a bill may be introduced in the legislature this week providing for its purchase by the state and the creation of a commission, of which the governor shall be a member, to appraise the value of the property.

State Will Lose Nothing.

Harrisburg, Pa., March 28.—After a consultation with Senator Quay State Treasurer Haywood returned to Harrisburg, and was in his office quite a while with State Chairman Elkin. While not disposed to discuss the matter of the failure of the People's bank in Philadelphia, Mr. Haywood says the state will lose nothing by the bank closing its doors.

Member of Congress Dead.

Washington, March 28.—Representative John Simpkins of the 13th district of Massachusetts died Saturday night at his residence in this city, 1717 K street, of heart failure, induced by gastric complications.

Auditor Fear Found in Chicago.

Burlington, Iowa, March 28.—Ex-City Auditor John F. Fear, who disappeared suddenly two weeks ago, has been found in Chicago. He says he is short \$5,138.34, which he is arranging to settle.

Iowa State Fair Abandoned.

Des Moines, Ia., March 28.—There will be no state fair in Iowa this year. The Omaha exposition will interfere so much that it has practically been decided to abandon the fair for one year.

For some time I have suffered with rheumatism and tried every imaginable remedy, without effect. Mr. F. G. S. Wells advised me to try Chamberlain's Pain Balm, telling me that it had cured many cases of long standing like mine. I have used four bottles and feel that one more bottle will make my cure complete. A. P. KARR, Claremore, Ark. Sold by Peoples Drug Co., E. Milwaukee street.

Cables for New York Harbor.

New York, March 28.—The United States government has awarded a contract for more than 100 miles of telegraph cable, the largest order ever placed by the government to an insulated wire and cable company of this city. Sixty-five miles will be submarine cable and thirty-five miles will be underground cable. The order was given for the purpose of connecting all the forts and islands in New York harbor, so that in case of war immediate and direct communication can be had between the men in structures.

Weekly Bank Statement.

New York, March 28.—The bank changes were as follows: Reserve, increased \$5,791,425, loans decreased \$7,110,500, specie increased \$7,013,800, legal tenders decreased \$1,854,000, deposits decreased \$2,526,900, and circulation decreased \$3,400. Total loans are \$600,168,400; specie \$136,289,600, legal tender \$68,974,500, net deposits \$685,650,500, and circulation \$13,861,400. Banks hold in excess of legal requirements \$33,851,475.

Rates for Marine Insurance Increased.

Boston, March 28.—The demand for marine war insurance has greatly increased within the last few days. President Fuller of the Boston Marine Insurance Company says his company has recently written about twenty-five risks and is daily receiving many applications. In consequence of the threatened aspect of the situation war rates have been increased 50 per cent over rates prevailing two days ago.

THE REPUBLICAN TICKET.

On another page will be found sketches of the republican candidates for city and ward offices. The names on the list are all those of well known and highly respected business men to whom the people have the fullest confidence. No apologies need be made for any of them, either in a personal or a business way. They are men of judgment and ability.

Important business must be transacted by the common council and the city officers during the next two years. A city loup must be built, the building of a city hall; the providing of a sewerage system; changes in the system of street work; and many other important movements are being discussed. The common council must decide these questions and they are too important to be left in the hands of incompetent men. The fact that a candidate for alderman is philanthropist enough to sell "the biggest glass of beer in town for 5 cents" does not qualify him to say how the city's millions shall be spent. Too little care has been used in electing a city council. The city needs the services of the better element. The republican candidates are all men of ability, integrity and standing, and the interests of the city demand their election. F. E. Fifield, William Burchell, Ed. F. Carpenter, W. G. Palmer and W. H. Jones are all well known citizens, and all five should be elected.

Important litigation must be settled during the term of the next city attorney. H. S. Sloan has had large experience as a tried lawyer, and has been unusually successful. Defending the city's damage suits will require a man of resources and legal ability. H. S. Sloan is just the man for the place, and he should be elected.

The street commissioner must expend a large amount of money. Geo. H. Palmer has been a good official, and should be continued in office. The street commissioner is not to be blamed for the present system of work as he has no control over the system, but must do as he is told.

Good government demands the re-election of Silas H. H. as a member at large of the school board, and men of his ability should be retained in all official positions.

The candidates for supervisor are all good men, and the city needs their services in the county board. The candidates are all citizens of standing and they should be elected to a man. The election of Jas. A. Fathers as city treasurer and M. P. Richardson as justice of the peace are foregone conclusions, as they are the right men for their respective offices.

The whole ticket is composed of business men of the highest character. To vote for them is to vote for progress, honesty, and economy in city government. With such men as the nominees, the duty of all good citizens is plain—vote for the republican candidates and a business administration of affairs.

The five republican candidates for aldermen are well known and highly

respected citizens. A vote for them is a vote for economical progress and stable common sense management of affairs.

BIG CROP OF COTTON.

Latest advices from the cotton producing sections indicate that the cotton crop of 1897-8 will exceed 11,000,000 bales, and may reach 11,500,000. This is by far the largest crop ever produced in the United States, which furnishes the bulk of the cotton of the world. The crop of the United States has been increasing with wonderful rapidity during the past quarter of a century, having been in 1872 only 2,975,000 bales, 4,632,000 in 1876, 6,575,000 in 1886, 9,901,000 in 1895, and over 11,000,000 in 1897-8. It will be seen that the production has nearly or quite quadrupled in 25 years, while the increase in population of the world has been about 25 per cent., and it is, doubtless, to this fact that cotton production has increased twelve times as rapidly as population, that the great fall in price of cotton is to be attributed.

Dun's Review of last week quotes the price of cash wheat at \$1.04½ against 81½ at the corresponding date of last year; corn 35½ against 30½ at the corresponding date of last year; lard, \$5.40 against \$4.50 last year; mess pork, \$10.25 against \$5 last year, while in other farm products there is an equally striking advance. Yet there has been no free and unlimited coinage of silver meantime.

Evidences of business improvement under protective tariff and sound money continue to make themselves apparent in the reduction of failures in the business world, those for the last week being, according to Dun's Review, 235 against 266 for the corresponding week of last year.

There is no better test of business activity and prosperity than that shown by the traffic of the railroad.

LANDRETH'S SEEDS never fail to grow.

LANDRETH'S SEEDS bring the largest returns.

Garden Making Time Is Here.

Have you decided the kind of Seeds you will plant? If you used LANDRETH'S last year they should find place with you again this season. Mistakes, as defined by Webster, are errors of judgment. Do you not make a mistake by purchasing CHEAP Seeds?—for such cannot be good—or UNKNOWN Seeds, even if not cheap, for they may not be RELIABLE.

It is not how much you pay for Seeds, But what kind of RETURN they will give.

Money invested in RELIABLE SEEDS may bring a RETURN OF ONE HUNDRED PER CENT., but, on the other hand, CHEAP SEEDS, or UNKNOWN SEEDS, may bring a LOSS OF MONEY, waste of time, labor, manure, rent, and failure to obtain a crop.

Seed Planters.

of discrimination ask not how CHEAP, but how GOOD. Now LANDRETH'S have stood the trial of scientific and practical tests for one hundred and fourteen years. The United States Department of Agriculture has proven them the best which have ever passed the examination. We have such Seed to sell as the people should have, and we want you and the rest of the people to buy.

Flower Seeds.

Ladies who buy Flower Seeds can find none better than LANDRETH'S. Pansies, Candytuft for bed borders, Morning Glories, Moon Flowers, Carnation Pinks, all the varieties of Sweet Peas, such as Emily Henderson, Blanche Perry, Eckford's Hybrids, all colors mixed; dwarf and climbing Nasturtiums; every kind of Flower Seeds you can think of.

Garden Seeds.

All varieties Radishes, Cabbage, Beets, Onions, Lettuce, Celery, Cauliflower, Spinach, Carrots, Cucumbers, Turnips, Tomatoes, Watermelons, Sage, Parsnips, Squash, Pumpkins. Complete list of Peas, all varieties. Our own mixture of Lawn Grass Seed is superior to others, will grow better, will make better sod; we know it from experience; only 20c lb. We have Kentucky Blue Grass, Orchard Grass, Red Top, Perennial Rye Grass, White Clover and Timothy Grass Seeds; all of them good. We could fill an entire page with seed names, but haven't time or space. Remember, LANDRETH'S will give you the best satisfaction of any. * We are prepared to fill any order, unless for a very unusual article, and then we will endeavor to obtain it from any source of supply indicated by you or known to us.

TRUTHS SPOKEN IN LOCAL PULPITS

REV. DR. SMITH SPEAKS OF REJECTING SALVATION

First Sermon of J. O. M. Hewitt at All Souls Church—No Conflict Between Science and Religion—Rev. Mr. Carter Pleads the Cause of Congregational Home Missions.

Rev. Dr. A. C. Smith preached the morning sermon at the Presbyterian church from the text in Hebrews 6:1-4. "How shall we escape if we neglect so great salvation?" He said in part: God in his word speaks to us as he has spoken to all past generations in many ways. He speaks by doctrine, by admonition, by threat and promise, if by any means our attention may be awakened and our interest in divine things quickened. But in no way does He speak to us so strikingly and so significantly as by the great questions which he now and then propounds to us. Many of them carry their answer with them, and we are compelled to answer them at our peril, one way or the other. One of these questions is the one Jesus asked his disciples: "Whom say ye that I am?" And again, "What think ye of Christ?" We cannot avoid the answer, and cannot brush it aside, nor escape the responsibility. Then there is that other great question: "What shall I profit a man if he shall gain the whole world and lose his own soul, or what shall a man give in exchange for his soul?" How that question comes home to those who, in an age of worldliness, think that their life consists in the abundance of the things which a man possesses. But the question in the text is the greatest of all, for it includes all the others, "How shall we escape if we neglect so great salvation?" The answer to it is vital to eternal interests.

The speaker compared the old and the new dispensations, and said if the Jews of olden times were held so greatly responsible, how much more so are we, with our latter-day full revelation of the divine mission of the Son of Man. The word is now spoken by the Lord himself and confirmed by those who heard him, and by the Father himself, who said, "This is my beloved son."

There are two things that impress one with a sense of the divine power, majesty, and glory, the moral law within us and the starry heavens above.

God created the universe simply by the word of his mouth, but in the recreation and the salvation of a human soul, more than this was necessary. Only through the death of the Son of God can life come to the immortal soul.

The text involves three things, first, that men are in danger, their immortal souls are in peril. Second, that there is a way of escape provided. As the peril is great the salvation is no less great, it is adequate for the end involved. Third, the mode provided is the only possible way. It is through Christ alone, through the death and sacrifice of the Son of God that salvation can possibly come. How shall we escape if we neglect so great salvation, wrought out by the eternal Son of God himself.

SCIENCE AND RELIGION

Rev. J. O. M. Hewitt Discusses Their Relation at All Souls Church

Rev. J. O. M. Hewitt preached to a large congregation at All Souls church yesterday morning. The discourse was on the subject of "Science and Religion," and in the nature of a "trial sermon," as Mr. Hewitt is a candidate for the vacant pulpit of the church. He is a man of middle age, a little above medium height and his face betokens much intellectuality. That he created a good impression among his hearers was manifest to all.

The sermon was a scholarly production, delivered in a manner that betokened the familiarity of the speaker with things theological and scientific. He held that there was no conflict between science and religion; that there was an irrepressible conflict between science and the theology of the day was beyond question. But theology was not religion—not the essential part of religion at any rate. True religion had nothing to fear from the revelations of science. That which is true, and reasonable, and elevating in religion found ample support in scientific research and deduction. But science administered many severe blows to theology, to dogma. It is the theologians and dogmatists of the church who are constantly railing at science and scientists as inimical to Christianity. No one can study science and understand it, even imperfectly, without being the better for it. He may not be as good a theologian as strict a dogmatist, but his views of life, of nature and of God are broadened, and he looks upon creation and its creator with a more extended and comprehensive vision than if his mind was stunted and his view circumscribed by the narrowness of theology.

There is an exaltation in the religion that "looks through nature up to nature's God," that the mere theologian can never experience. There is a religion of the heart that cares nothing for theology or creed, that is more exalted than either. It is this religion that should be cultivated by the church, not that which is dwarfed by the narrowness of theology.

Religion and science are in perfect harmony, although theology and science may be incompatible and constantly at daggers drawn. The truths of science when properly understood prove more conclusively than the logi-

COAL THEORIES THE GREAT MYSTERIES OF EXISTENCE BOTH IN THE PRESENT LIFE AND IN THAT WHICH IS TO COME. THE GREAT TRUTHS OF RELIGION ARE AS INCONTINGIBLE AS ARE THE GREAT TRUTHS OF SCIENCE, AND EACH IS IN HARMONY WITH THE OTHER.

At the close of the service Mr. Hewitt was warmly congratulated, and was presented to many members of the congregation. It is probable that he will occupy the same pulpit again in the course of a few weeks, and perhaps may come here to reside permanently.

CONGREGATIONAL HOME MISSIONS

Rev. Homer W. Carter Presents the Cause in Janesville.

Rev. Homer W. Carter, the secretary of the Wisconsin Home Missionary society, spoke at the Congregational church on Sunday morning. He presented the work of his society, showing how all things exist for the sake of the kingdom of God, and that when a man hopes and prays that the kingdom may come, it means that he shall take into his own life an active interest in that kingdom. The different Christian organizations are helping build the kingdom, and to give to them is to give to it. Mr. Carter spoke of the work of the district missionaries who are continually visiting neglected and struggling communities and keeping the Christian life alive in their midst. He spoke also of the necessity of our maintaining the English service in places where foreign languages are spoken by a majority of the residents. Mr. Carter called attention to the increasing care that the different denominations were taking not to overcrowd a locality with churches merely for the sake of having one of their own particular denomination there. He showed how the work of the society was planned, first of all, for the good of the kingdom, and how it was the aim of the work to get these newly organized churches to supporting themselves as soon as possible in order that they might become more and more centers of light to the communities in which they were established.

In the evening the pastor preached on the Opposition of God, showing how when a man, for any reason, went away from the truth, that God would stand in his way. By the suffering which comes from a broken law, by the remorse of conscience which follows an untrue deed, by the love with which God always treats a man, He seeks to oppose him in the evil way and turn him again to the true.

Y. M. C. A. AT EVANSVILLE

Large Delegation Goes From Janesville to Assist at Services

Thirty-two members of the local Y. M. C. A. spent Sunday in Evansville, where they took a prominent part in the meeting of the Second District Convention of the Wisconsin Young Men's Christian Association. The main object of the gathering was to establish an association in the Out Off city.

Yesterday afternoon a meeting for men was held in the Methodist church, and in spite of the rain 200 men were present. The local Y. M. C. A. band and quartet furnished music and excellent speakers were on the program. In the morning State Secretary Anderson and Assistant State Secretary Kellogg spoke in the Methodist church, the edifice being crowded, while many failed to gain admittance. The local delegation returned home this morning.

A HOMESTEAD TRANSFERRED

Sold to Sylvester Morgan for a Consideration of \$3,000

Sylvester Morgan, of this city, has made the purchase of the Myers homestead at the corner of East street, Milwaukee avenue and Jackson street. The sale is made to the new purchaser by Mrs. Julia Myers, and according to the register of deeds the transfer involves \$3,000. Aside from this amount, it is said, Mr. Morgan assumes certain mortgages upon the property.

The property is one of the most valuable sites in the city, on which is a large brick dwelling which in its day cost several thousand and thousand dollars. Valuable building lots front on Milwaukee and Jackson street.

HE IS DOUBLY BEREAVED

J. E. Randall, Whose Wife Died Recently, Mourns for His Daughter

Rev. Arthur C. Kempton, of the Baptist church, officiated yesterday over the remains of the late Libbie Randall, infant daughter of J. E. Randall. Services were held at the residence, and the interment was in Oak Hill cemetery.

Congestion of the lungs was the cause of the little one's death. The father is doubly bereaved in this loss and he has the sympathy of many friends in this his hour of sorrow. His wife died but a few days ago.

BACK FROM A WESTERN TOUR

Mr. and Mrs. Henry Tall Are Back from Visiting the Pacific Coast.

Mr. and Mrs. Henry Tall returned home last evening from a six weeks' trip to the California. They report a most enjoyable time both while visiting in the far west and while en route. In California they met several Wisconsin people who have resided there for years, and who insist that there is no place that equals California. They also visited Salt Lake City, where they met many former Janesville citizens who now reside in the Mormon town.

GONE INSANE OVER TOO MUCH RELIGION

CENTER WOMAN TAKEN TO MENDOTA.

Miss Ann Cullen, While Visiting in Browntown, Suddenly Goes Insane—Has Never Before Shown Any Signs of Being Mentally Wrong—Religion Is Blamed.

Too much religion has driven Miss Ann Cullen, of the town of Center, insane, and Saturday Sheriff Acheson took the unfortunate woman to the state hospital for the insane at Mendota. Her case is not considered a hopeless one, and with a few weeks' treatment it is hoped that she will soon be herself again.

Not realizing where she was bound for, the unfortunate woman made no effort whatever to escape, and at all times seemed bright and cheerful.

Too Much Religion.

Miss Cullen, who is forty-seven years of age, has for several years past made her home with her brother, James Cullen, of the town of Center. She has shown no signs of insanity nor at any time has her condition been such as to attract any particular attention from those who were daily in her company. A few days ago she left home for a visit with friends in Browntown, and it is said that while there she suddenly became crazed over a series of religious meetings which were being held. On her return home she acted queerly, and this fact was quite noticeable to friends who met her at the depot.

First Signs of Dementia.

On the way to her home in the country she was taken with severe dizzy spells, and during the entire trip said queer things that left no doubt in the minds of her friends that she was mentally unbalanced. On arriving home she seemed to improve but little from day to day, and finally it was decided to have her examined. Local physicians took the case in hand, and she was pronounced of unsound mind.

The unfortunate woman is possessed of a host of friends throughout the country who will wish for her speedy recovery.

OUR sale of Saturday was far greater than our expectations. We extend our hearty thanks for the liberal patronage, and hope you will always remember us in the future when in need of shoes. Watch for our next sale. Amos Rehberg & Co., the shoe hustlers.

One More Body Found.

Chicago, March 28.—A body, supposed to be that of William Marvin, another Wabash avenue fire victim, was taken from the ruins about 9 o'clock Saturday. It was not badly burned, but the identification is not yet complete, although the clothing and articles found on the body seem to fix it positively.

BLIND DEVOTEES OF THESPIS

Pupils at the State School Appear in "Julius Caesar"

An audience numbering nearly 200 gathered at the State School for the Blind Saturday evening to witness the production of "Julius Caesar" by the pupils. The mere fact that each and every one who took part was devoid of sight was in itself worthy of note. The play throughout was given in a manner to win loud and frequent applause, and although at times it could be seen that those who took part found trouble in making their exit, these little mistakes could be easily excused.

On the whole the production was a very creditable one, and reflects no little credit on Miss Benson, who had the entire arrangement in charge.

THE ART LOAN EXHIBITION

Goodly Attendance of Those Interested in Modern Art Work.

Lovers of good pictures gathered at the Congregational church parlors this afternoon in goodly numbers to witness the art exhibit given under the auspices of the Christian Endeavor society.

The collection, which is one kindly loaned by Walter S. Fildes, is one well worthy a visit by every lover of good pictures. It embraces an endless variety of paintings from the famous artists of the day.

Light refreshments were served, and all who attended have not the slightest reason to regret their visit. The exhibit will be open to the public this evening.

WHERE KODAKS ARE MADE.

To those who have already made their debut into the constantly widening circle of amateur photographers as well as to those who as yet are "only the king about town," a word about the members of the Kodak family and where they all came from may be of interest.

The original Kodak made its bow to the public in 1888. Its success was immediate and phenomenal. Up to that time the public had associated photographic art with dirty dark rooms, disagreeable chemicals, fluttering focusing, clogs and awkward tripod legs. "You press the button; we do the rest" was an invitation so tempting that it was rarely refused, and though the Eastman Dry Plate and Film Co. was already a large concern, its capacity was stretched to the utmost to keep up with the popular demand for Kodaks. The history of the concern from that date has been one of marvelous growth and prosperity. Every year has seen new buildings added to its plant and new goods to the list of products.

STREAMS OVER THEIR BANKS.

Many Points in the Grasp of a Blizzard Which Is the Worst of the Winter—High Water Threatens Illinois Tow—Railroad Traffic Suspended.

Chicago, March 28.—Tremendous rains have fallen in all the central states east of the Mississippi, and incalculable damage has been done. In southern Illinois there is grave peril. The Mississippi is likely to get over its banks and flood the lowlands, drive the farmers from their homes and destroy crops. Creeks are rising rapidly, bridges are being swept away and railroads are suffering considerable inconvenience. Nebraska, Iowa and Minnesota are in the embrace of a blizzard that is the most severe of the winter. Thunderstorms are prevalent in Ohio and Indiana. The temperature has dropped 35 degrees in the states west of the Mississippi as far south as Oklahoma.

ILLINOIS IS DELUGED.

Rivers the Highest in Years—Railroad Traffic Interfered With.

Springfield, Ill., March 28.—Nearly five inches of rain has fallen in the last twenty-four hours. The Sangamon river has risen more than four feet since Saturday, and is still rising five inches an hour. The city water station is in danger of destruction. The engines are already working in over a foot of water, and the levee over the big main is expected to go every minute. The water in the reservoir will supply the city less than three days. Citizens were notified to supply themselves as far as possible for an indefinite suspension of service, as the reservoir would be plugged to reserve a supply for use in case of fire.

Railroad traffic on lines centering in Springfield is badly demoralized. Three washouts are reported on the Wabash between here and Decatur, and one west of Kinderhook. Alton trains were delayed at a point west of Sangamon river. The Bluff line trains between here and St. Louis were delayed by overflowed tracks, and trains between Springfield and Peoria were abandoned. The Baltimore & Ohio Southwestern trains were delayed by a washout at Flora. No trains are being run into the city except over the Alton.

The Illinois Central did not bring a train into the city Sunday. The Wabash has posted notice that it will not be able to handle passengers or freight between Decatur and the Mississippi until further notice.

The situation is serious, and it is apprehended that the losses by floods will be enormous. People living in the bottoms of the Sangamon and other large streams have been compelled to flee for their lives. For some days past the waters have been unusually high, and when the rain began falling heavily about 8 o'clock Saturday night considerable uneasiness was felt. The rain fell in torrents until about 1 o'clock Sunday afternoon. More water has fallen since last night than the total rainfall for any entire month of March recorded.

Waterspout in Missouri.

Hannibal, Mo., March 28.—A waterspout occurred in Bear Creek valley, in this city, about 2 o'clock Sunday morning. Two dikes gave way and a territory in the lowlands a quarter of a mile in width and a mile long was submerged to a depth of six feet. The occupants of several hundred houses fled for their lives or were rescued by men in boats.

Have Secured Port Arthur.

Pekin, March 28.—M. Pavloff, the Russian charge d'affaires, has signed the agreement regarding the lease of Port Arthur and Ta-Lien-Wan and the railway concessions. Port Arthur will be given over today. Chin Chow will remain Chinese, but the Russians will establish a small station in the environs. China will retain sovereign rights generally, and Port Arthur and Ta-Lien-Wan will be open to the warships of all nations.

Drowned at Dutch Harbor.

Seattle, Wash., March 28.—C. A. Andrews, second engineer of the steamer J. C. Barr; T. H. Tracy, riveter and fitter, and J. C. Doerr and Peter Doerr, father and son, of St. Louis, were drowned at Dutch Harbor, Alaska, March 6. They were crossing a small boat from Unalaska to Dutch Harbor, and in a squall their boat capsized. The news was brought by the steamer Bertha.

Two Lives End in Blood.

Janesville, Wis., March 28.—Burt Watson, a farmhand in the employ of Mrs. Emma Stover, who resided on a farm near Brownville, in Green county, murdered Mrs. Stover Saturday and then killed himself. Mrs. Stover had been divorced from two husbands.

"I can say one thing for Chamberlain's Colic, Cholera and Diarrhoea Remedy; and that is that it exceeds any proprietary medicine I have seen on the market, and I have been in the practice of medicine and the drug business for the past forty years," writes J. M. Jackson, M. D., Bronson, Fla. Physicians like Chamberlain's Colic, Cholera and Diarrhoea Remedy because it is a scientific preparation, and because it always gives quick relief. Home Seekers Excursions.

The Chicago, Milwaukee & St. Paul Railway will sell round trip home-seekers' excursion tickets March 15, April 5 and 19, at half fare rates plus \$2 to points on the line of the road in Iowa, Minnesota and the two Dakotas. Tickets will also be sold to points on other lines in the northwestern, western, southern and southwestern states at reduced rates.

A Popular Army Officer.
Colonel Henry Clark Corbin, the new adjutant general of the army, with the rank of brigadier general, is one of the most popular officers in the service. In his new post he practically becomes chief of staff to the president. Colonel Corbin was born 55 years ago on a farm in Monroe township, O. He had begun to study law when the civil war broke

out, and although only 18 he enlisted and went to the front as a private, but rose to the rank of colonel. Upon being mustered out in 1866 he went into the regular army as second lieutenant. Since then he has managed to be wherever there has been anything in the way of hostilities.

Will Walk Across the Ocean.

Equipped with only his wonderful seagoing boots, Charles W. Oldrieve will start on July 4 next to walk across the ocean. He will be accompanied by William A. Andrews, known to fame

CAPTAIN OLDRIEVE IN HIS SEAGOING BOOTS, on account of his several voyages across the Atlantic in diminutive dories. Professor Oldrieve has been walking the water for more than ten years, but this is to be by far his most ambitious attempt.

From all over the country, comes of praise for Chamberlain's Cough Remedy. Here is a sample letter from Mrs. C. Shep, of Little Rock, Ark.: "I was suffering from a very severe cold, when I read of the cures that had been effected by Chamberlain's Cough Remedy. I concluded to give it a trial and accordingly procured a bottle. It gave me prompt relief and I have the best reason for recommending it very highly, which I do with pleasure." SEPTICIDE

"While in the army with the 54th and. Vols. sores came on my leg from the knee down, and much of the time since that I have been able to walk only with crutches. I have tried almost every remedy which friends suggested, but never struck the right remedy until about three weeks ago, when by the advice of our druggists, Goddard & Watson, I commenced the use of "SEPTICIDE." I took it internally and kept the sores wet with it four or five times a day. I am now happy to say that I am entirely cured, and my leg is as sound as ever.

SCENE ON BOARD THE MONITOR TERROR.

RUSSIAN DIPLOMACY WINS.

London Newspapers Make Bitter Comments on the Supineness of the Government—Great Naval Demonstration Is Talked Of.

London, March 28.—The sailing on the British fleet from Hong Kong northward will open up an entire departure from the policy Great Britain has hitherto followed in the far East. Great Britain will no longer attempt to maintain the status quo or resist the partition of China, but will herself take a hand in the game.

The orders given for the mobilization on Tuesday of the British fleet at Hong Kong followed a prolonged meeting of the cabinet on Friday, when it was decided, as a counterpoise to the recent acquisitions of Russia, France and Germany, that Great Britain should seek a new naval base in China. It is thought that the island of Chusan, on the province of Che-Kiang, is the most likely place to be chosen for this purpose.

If this is the entire scope of this mission, the warlike preparations at Hong Kong seem to be exaggerated, unless they aim to soften British disappointment by a demonstration of naval strength and readiness in the presence of British rivals in the far East. The net result otherwise is that Russia has compelled Great Britain to join in the partition of China, which has been the aim of the former's diplomacy from the outset.

All the conservative papers publish pessimistic articles on the British diplomatic failure in the far East. The Times has a gloomy leader on the incompetence of the British foreign office and the ignorance of the British public regarding the situation in China. It says: "Practically we have no prime minister and no foreign secretary."

The Morning Post says that Port Arthur, the Gibraltar of Northern China, has been handed over to the Russians and adds: "Men ask one another what has befallen our government."

RESENTS FEDERAL MEDDLING.

Gov. Pingree Threatens to Call President McKinley to Account.

Lansing, Mich., March 28.—Notwithstanding the fact that Senator Preston will resume his seat in the state senate, having resigned as deputy collector of customs at Port Huron, Gov. Pingree does not propose to withdraw his order for a special election in Preston's district. He contends that the acceptance of the deputyship vacated the state office. The same course will be followed with regard to United States District Attorney Covell, who it is rumored, has also resigned and will report for duty here.

The fight has intensified the feeling between the Pingree and federal factions of the republican party, and it is stated that the governor proposes to have an understanding with President McKinley, who will be informed that unless he suppresses the activity of federal officials in Michigan, some one else will get the vote of this state in 1900.

Gladstone Awaits the End.

London, March 28.—Next to the probabilities of war, the public is most keenly interested in the condition of Mr. Gladstone, though not permitted

to know how ill he is. Perhaps it should be said he is not so much ill as that his powers are failing and that he is apparently sinking under the weight of years and vital exhaustion. The best informed people admit that his ailment is impossible of cure, and that his physicians only hope to alleviate the pain he is suffering.

Arrests in Russian Navy.

Sebastopol, March 28.—As a result of the discovery of serious and wholesale bribery and corruption 100 dock-yard officials and officers of the Russian Black sea fleet have been arrested. Admiral Kopyloff, commander of the fleet, has been dismissed. Five officers have committed suicide since their arrest.

Washington, March 28.—By unanimous vote of the executive committee of the Society of the Army of the Cumberland, Gen. David S. Stanley has been designated to act as president of the society, vice Gen. Rosecrans, deceased, until the next annual reunion.

THE ILLS OF WOMEN

And How Mrs. Pinkham Helps Overcome Them.

Mrs. MARY BOLLINGER, 1101 Marianna St., Chicago, Ill., to Mrs. Pinkham:

"I have been troubled for the past two years with falling of the womb, leucorrhoea, pains over my body, sick headaches, backache, nervousness and weakness. I tried doctors and various remedies without relief. After taking two bottles of your Vegetable Compound, the relief I obtained was truly wonderful. I have now taken several more bottles of your famous medicine, and can say that I am entirely cured."

Mrs. HENRY DORR, No. 806 Findley St., Cincinnati, Ohio, to Mrs. Pinkham:

"For a long time I suffered with chronic inflammation of the womb, pain in abdomen and bearing-down feeling. Was very nervous at times, and so weak I was hardly able to do anything. Was subject to headaches, also troubled with leucorrhoea. After doctoring for many months with different physicians, and getting no relief, I had given up all hope of being well again when I read of the great good Lydia E. Pinkham's Vegetable Compound was doing. I decided immediately to give it a trial. The result was simply past belief. After taking four bottles of Vegetable Compound and using three packages of Sanative Wash I can say I feel like a new woman. I deem it my duty to announce the fact to my fellow sufferers that Lydia E. Pinkham's Vegetable remedies have entirely cured me of all my pains and suffering. I have her alone to thank for my recovery, for which I am grateful. May heaven bless her for the good work she is doing for our sex."

SEALERS DIE ON THE FLOES.

Forty-Eight Men of the Steamer Greenland Dead or Missing.

St. Johns, N. F., March 28.—The steamer Greenland, returning from the seal fisheries, put into Bay de Verde and reported a terrible disaster. Last Wednesday while her crew was traveling about the floes in search of seals a storm arose, accompanied by a blinding snow, which drifted rapidly, and a severe frost. The members of the crew who were on the ice could not regain the vessel, and were exposed to the terrible weather throughout the night and all the next day.

Forty-eight men perished or are missing and sixty were so badly frost-bitten that the amputation of one or more of their limbs will have to be suffered by all of them. The Greenland succeeded in recovering the bodies of twenty-five of the victims.

From the circumstances of the disaster it is feared that other steamers have suffered in a similar manner. The city is in a state of great excitement. The disaster is the worst recorded in the history of the sealing industry.

FARM HOUSES DEMOLISHED.

Tornado in Indian Territory Causes Great Damage and Loss of Life.

McAlester, I. T., March 28.—A terrific windstorm swept over the country between this place and Lehigh and Colgate Saturday night. Four farm-houses were demolished and the occupants of three of them are reported to have been killed.

James Seafoam, wife and three children are reported among the dead.

Passengers arriving from Lehigh state that in the country southeast of here the tornado did great damage and that many are reported killed and injured. Physicians from various towns along the Missouri, Kansas and Texas railroad have been sent to the scene of the reported disaster. In the immediate vicinity of South McAlester considerable minor damage was done.

Death of Mrs. Della Parnell.

London, March 28.—Mrs. Della Tudor Parnell, daughter of the celebrated American naval officer, Rear-Admiral

MRS. PARNELL.

Charles Stewart, and mother of the late Charles Stewart Parnell, died Sunday night at Avondale, Rathdrum, County Wicklow, Ireland, as the result of burns received from the igniting of her clothing while she was sitting before a fire. She was born in 1816 in Philadelphia.

Land Lines Up again.

New York, March 28.—The Postal Telegraph Cable company reports that the land lines between Bolinao and Manila have been restored and communication with the Philippine Islands re-established.

EASTER MILLINERY

Finds its best expression in our millinery department. No wonder Janesville ladies enthuse over the exquisite creations now on display here. If you buy from us he will pay the bill without a grumble, for the becoming hat we will sell you will make him forget about the price, but that is right too—whether he forgets it or not. Our trimmers copy the very latest and best creations of leading Parisian milliners, and we display these patterns in our millinery department just as early as the metropolitan stores. Miss O'Neil and three trimmers spent two weeks in the pattern rooms and they are well posted on correct ideas for the coming season. Novelties selected in the New York market will also be on display. For spring of '98 our department will make the initial display on **Wednesday, March 30.**

Ribbons for Easter Costumes--- The finest line we have ever shown, especially collected to supply the very large ribbon demand which fashion has created this spring. The novelties are here at prices no higher than you'd pay for staple styles elsewhere. Sashes, too, elegant in style and quality, but extremely moderate in price as compared with what you would have to pay in other stores.

Laces and Sheer Muslins--- Complete range of colors in the much used chiffons, gauzes, liberty silks, plain, shirred and pleated. Exquisite laces for millinery and for dress purposes. Many special purchases in the New York market will be placed on sale this week.
